Supply items

Jetski and Tender sliding chocking system

Systems

MAN MMDS Alarm Panel per engine dual station.

Aventics Marex OS 3 Engine propulsion twin control levers dual station.

MAN Start-Stop panel per engine dual station with transponder key on lower console.

MAN MMDS terminal with display per engine in the engine room.

Auto Troll for Transmissions for slow speed manoeuvring

Trailing Pumps. Used to supply oil pressure for gearbox lubrication during wind-milling situations, this may include running on one engine or when under tow. When running on one engine at 10 knots 2800 NM can be achieved (only possible if confirmed at stage of contract and 16 weeks prior to mould)

Hydraulic Sleipner Bow thruster system. Model SP550/386TC-BA40 470kg thrust in a 386mm ID GRP tunnel.

Controlled using a Sleipner proportional joystick with dual station control.

Engine room access door from Crew cabin. Heavy duty watertight door.

Aft docking station

Aft Docking control station starboard cockpit.

Aventics Marex OS 3 Engine propulsion twin control levers dual station.

MAN Start-Stop panel per engine.

Proportional Bow and Stern Thruster control.

Horn button.

Air Conditioning

Air Conditioning Marine Air chilled water system to standard specification - 195,000 BTU

Fresh water systems

Fresh water tank system using one Polyethylene tank of 1500 litres. WRAS approval for portable water. Pressure system via a self priming pump and mounted with inlet/discharge manifold.

Fresh water marina connection regulator

Freshwater purifiers serving the galley and to all independent icemakers.

Hot water calorifier. 200 litre stainless steel cased tank with 3 x 2kW immersion heaters. 60 litre expansion tank.

Hot water circuit ring main throughout the lower decks with permanently running AC circulation pump.

Hand held swimming shower

Fresh water deck wash system with hose reel and outlets on Aft deck, Flybridge deck and Fore deck

Grey Water Systems

Grey water from showers, wash basins and galley services will drain either directly to the grey tank or via a grey water sump transfer box via a 24Vdc pump into the Grey water holding tank of 1125 litre capacity.

Discharge is via two 24Vdc pump directly over board or via a shore side suction facility through a deck fitting when available.

Black water systems

Black water holding tank system using one tank for main accommodation and crew of 805 litres. Discharge through either 24 Vdc self-priming diaphragm pump directly overboard (refer to MARPOL regulations) or to a shore facility when available.

Tecma Silent Plus 24Vdc macerating toilets

Replace all toilets with the Tecma E-Breeze in lieu of the standard.

Watermakers

Preparation for future installation of a Water Maker. Seacock and outlets blanked off. Fresh water feed to tank. Power supply

Engine room systems

Bilge arrangement is divided into three compartments and monitored by the ships monitoring system and fitted with dedicated float switches.

Accommodation forward - 1 x 24V Rule 2000 duty bilge pump, 1 x 24V Rule 3700 flood bilge pump and 1 x 24V Rule 500 Auto bilge pump.

Accommodation aft - 1 x 24V Rule 2000 bilge pump, 1 x 24V Rule 500 bilge pump and 2 x 24V Rule 500 Auto bilge pumps.

Machinery space - 1 x 24V Rule 2000 duty bilge pump and 1 x 24V Rule 3700 flood bilge pump.

Fire alarm detection system. Control panel with dedicated Discovery Smoke/heat detectors in all accommodation areas. Connected to Cm8 monitoring system to repeat alarm.

Machinery space fire extinguishing system using FK-5-1-12 extinguishing agent. The system is fully automatic incorporating main engine, generator and engine room ventilation shut-down with a mechanical manual over-ride pull in the side deck fire locker.

Diesel fuel

Systems

Two Mase IS27 - 50Hz - 1500 RPM 29kW generators

Sunseeker Cm8 integrated power management, boat monitoring and control system.

Lower helm. 10"" Glass Touch screen with full system access touchscreen display.

Fly bridge helm. 10"" Glass Touch screen with full system access touchscreen display.

The above touchscreen interfaces allow the control of the following systems.

Automatic AC Power Management.

Two 8kW inverters to provide a regulated and uninterrupted supply to the Audio Visual and air handling systems and to boost generator output. Output Power 2 x 8kVA single phase 230V 50Hz.

Fresh water marina connection regulator

Freshwater purifiers serving the galley and to all independent icemakers.

Hot water calorifier. 200 litre stainless steel cased tank with 3 x 2kW immersion heaters. 60 litre expansion tank.

Hot water circuit ring main throughout the lower decks with permanently running AC circulation pump.

Hand held swimming shower

Fresh water deck wash system with hose reel and outlets on Aft deck, Flybridge deck and Fore deck

Grey Water Systems

Grey water from showers, wash basins and galley services will drain either directly to the grey tank or via a grey water sump transfer box via a 24Vdc pump into the Grey water holding tank of 1125 litre capacity.

Discharge is via two 24Vdc pump directly over board or via a shore side suction facility through a deck fitting when available.

Automatic AC Power Management.

Two 8kW inverters to provide a regulated and uninterrupted supply to the Audio Visual and air handling systems and to boost generator output. Output Power 2 x 8kVA single phase 230V 50Hz.

Domestic battery Bank - 8 x AGM domestic batteries located forward complete with 2 x Domestic battery chargers to provided extended running of DC System.

Automatic Control system provides a constant monitoring of power used on all systems and utilises inverters to assist with power management on board."

Air Horns AFI twin trumpet Horn

Shore Power Options

Shore power connection is via 1 x 100 Amp 250 Volt rated plugged flexible cable on a Glendinning cablemaster motorized cable retraction system.

Isolation Transformer 24kVA. Ensures galvanic isolation from shore supply, minimises minor variations in shore supply voltage.

Galley Appliances

Custom Galley Integrated Refrigeration by Frigoboard with stainless steel interior. 250 litres fridge capacity and 120 litres freezer capacity in the Galley

Miele Electric oven in the Galley

Miele Microwave oven

Miele Ceramic hob in the Galley

Miele Extractor fan in the Galley

Miele full size Dishwasher

Miele Wine Cooler for 34 bottles

Crew Appliances

Miele washing machine combined tumble dryer in the Crew Mess

Separate Miele washing machine and Miele tumble dryer in the Crew Mess

Sharp Microwave

Refrigerator 113 Litres with integral Freezer box in the Crew Mess

Flybridge Appliances

Refrigerator 113 litres with integral Freezer box on the Flybridge

Ice maker - Hoshizaki on the Flybridge

Drawer refrigerator with stainless steel front 24V 36 litre capacity on the Flybridge

Marine Electric BBQ kenyon Grill on the Flybridge bar

Marine Electric stainless steel BBQ grill 740mm wide on the Flybridge bar

Aft Cockpit Appliances

Refrigerator 75 litre 24V in the Aft Cockpit

Security

CCTV with 3 Cameras: Stern docking and engine monitoring cameras. Iris S460 Marine High Definition stainless steel dome 3MP IP wide angle docking camera. Built in infra-red LED's operate automatically via a day/night filter to provide illumination up to 10 meters at night and in low light conditions. One for stern docking and two in the engine room.

In addition to the 3 camera CCTV package selected, two additional cameras one on each side with view of the side deck/bulwark. Ceiling mounted cameras facing aft.

Navigation Lights

Halogen navigation lights

Lighting

Lighting switching on momentary push button Vimar switches with Dimmer switches saloon, galley, helm and aft cockpit overhead lighting
Twin Beam remote controlled Searchlight dual station control. 55W x2 Halogen 24V - 160,000cd
Underwater lights Full Colour Changing underwater lights x 10 with colour control on the Simrad MFD. Four across the stern and three either side.
Two Porta Romana Large Covex Wall Lights - TWL92L Bronze in the Master Stateroom
Port Side Desk Lamp - Contardi Athena in the Master Stateroom
Two Porta Romana Pillar Wall Light SWL09 in the Forward VIP Cabin
Two Porta Romana Bishop Lamps GLB79 in the Main Deck Saloon
Bed side wall lamps in the Master Stateroom

Communication Equipment

Standard Network system:
Peplink MAX BR1 Pro 5G router with internal antennas to provide access to the internet via 4/5G Cellular data or Marina Wi-Fi.
The Pro 5G has two SIM card slots. One of these slots will have a SIM card pre-fitted, and should not be removed.
The system will have the benefit of 2 years on-line and telephone support of up to 2 hours, supplied by the UK KVH distributor, CA Clase Ltd.
The fitted SIM will also allow the client to purchase data and allow the support engineers to access the boat network and troubleshoot problems.
The second SIM slot will allow the client to purchase their own data SIM as required."
Pepwave router to be upgraded to a 5G compatible unit in lieu of the standard 3G/4G.
Cellular and WiFi signal booster antennas

Simrad standard package

Main Console.
Two Simrad NSO Evo3S 19"" Displays and OP50 keypad controller.
10" touchscreen controlling the Sunseeker monitoring.
Simrad Halo 2004 Pulse Compression Radar 4ft 64nm.
Simrad GS25 GPS Antenna.
Simrad Autopilot AP44 system.
Simrad xSonic ss60 stainless steel broadband Dual frequency 50kHz-200kHz shallow and bottom tracking depth and temperature transducer.
Simrad HS100 VHF with DSC. 2.4M whip VHF antenna.
Richie Helmsman HF-743B Flush Mount Magnetic Compass.

Flybridge Console.

Two Simrad NSO Evo3S 16"" Display.
10" touchscreen controlling the Sunseeker monitoring
Simrad Autopilot AP44 system.
Simrad HS100 second station VHF with DSC.
Richie Helmsman HF-743W Flush Mount Magnetic Compass.

Console items

Compass Swinging and adjustment with correction card

Performance AV package

1. Saloon Samsung 65" QLED 4K Smart Television on an electric pivot hinge bracket. Sonance Soundbar and Sonos Amp. Rear Sonance speakers with Sonos Amp and a Sonos Subwoofer. Two additional Dining area Sonance speakers with a Sonos Amp. Two additional Helm and Observation area Sonance speakers with a Sonos Amp.
2. Master Stateroom Samsung 55" QLED 4K Smart Television. Surround sound system with Proficient Soundbar and Sonos Amp. Rear Sonance speakers with Sonos Amp and a Sonos Subwoofer. En-suite Sonance speaker with a Sonos Amp.
3. Forward VIP cabin Samsung 55" 4K Smart Television. Proficient Soundbar and Sonos Amp. Rear Sonance speakers with Sonos Amp and a Sonos Subwoofer.
